

WHY DID HE SHOOT? OUTSIDE THE STATE.

Mystery Surrounds "George Smith's" Attempt at Suicide.

Why Tell Nothing but a Fictitious Name and Address.

Dying in Harlem Hospital with Two Bullets in His Lung.

A young man, who said his name was George Smith, and who was twenty-two years old, and lived at One Hundred and Seventh street and Second avenue, died at the Harlem Hospital, where he lies in a critical condition.

Roundabout Woodbridge, of the East One Hundred and Twenty-sixth street station, was standing at One Hundred and Twenty-fifth street and Third avenue at 2 o'clock this morning, when a citizen rushed up to him and said that a young man had killed himself a block below.

Accompanied by the citizen, the roundabout ran down the avenue to the corner of 225 Third avenue, next door to the Harlem Savings Bank. Blood was flowing from three bullet holes in the young man's breast. A thirty-two-caliber revolver, which was found nearby, lay on the sidewalk in front of him.

The roundabout took care of Smith, while another policeman sent for the Harlem Hospital ambulance. In the mean time the only statement that the young man made was that he was a "George Smith," and that he was a "George Smith," and that he was a "George Smith."

An "Evening World" reporter called at One Hundred and Twenty-sixth street, Silver side drive, but was unable to find any one by the name of Smith in that locality. Residents here knew no such person as "George Smith," nor any one answering the would-be suicide's description.

The young man has light complexion, dark hair and eyes, and was about 25 years of age. He was dressed in a dark suit of good quality. The police and Dr. Rothwell say he seemed to be a man of no ordinary intelligence.

HACKENSACK IN DARKNESS.
Edison Electric Light Plant Totally Destroyed by Fire.

HACKENSACK, N. J., Nov. 6.—The Edison electric light plant, owned by the Edison Company, of 44 Broad street, New York, was completely destroyed by fire at 5 o'clock this morning. The fire is thought to have started in the stable adjoining the plant, and to have been caused by a spark from the furnace.

Engineer Van Valkenburg and Fireman Schuch both saw smoke rolling over the boiler, and instantly gave the alarm. The stable was soon a mass of flames, and by the time the firemen arrived the whole plant was enveloped.

A heavy wind was blowing at the time, and the fire spread rapidly to the house of John Townsend, which was also badly burned.

The damage to the plant will amount to \$30,000, which is covered by insurance. A horse belonging to Fireman James Brockman perished in the flames. Davidson thinks the Company will rebuild at once. The town was lighted last night by kerosene lamps.

ONE DEAD AND SIX IN PERIL.
Explosion of Carboys in Chicago.

CHICAGO, Nov. 6.—The sequel to the disastrous explosion Sunday morning last of two carboys of nitric acid at 126 to 122 Market street, David Friend, watchman, is dead, and John Dode, Joseph P. Perry, Edward McNeil, John McInerney, William McInerney, Whitmore, captain of the insurance patrol No. 1, all die.

The carboys contained chemically pure nitric acid. All of the men were injured, and the explosion caused the death of one and the peril of six.

GRADY'S POLICE COURT POLITICS.
No Orders a Republican District Captain to Be Locked Up in a Case of Simple Assault.

Police Commissioner Murray, the Republican leader of the Third Assembly District, was yesterday taken before Police Justice Grady. At the closing of the Essex Market Court yesterday Adolph Gluckman, of No. 84 Orchard street, who is one of Murray's district captains, was arrested on a charge of assault and was committed by Justice Grady without bail.

The complainant in the case only alleged that he had been struck in the face. In such cases it is customary to require only nominal bail. A bondman who was worth \$100,000 was taken into the court-house, but Justice Grady remembered that he had an important engagement somewhere and he ordered a private door. So Gluckman was locked up.

It was alleged that the complainant against him was a trumped-up one in order to prevent his appearance at the polling place today. He is the President of the Roumanian Club, which has headquarters at No. 122 Orchard street. Gluckman's friends hunted up Justice Taintor last night and wanted him to take bail. The judge promised to go to the court, but he had not arrived at a late hour.

Justice Grady is not assigned to the Essex Market Court. His place of sitting is at the Tombs. Desperate work, however, is done in the Third District, and as Grady is a man of proved worth his voters are not likely to desert him until after election was proclaimed.

For a week or more he has been raising a considerable sum of money, claiming that the latter realized exorbitant amounts. He kept his real motive concealed until yesterday, when he showed it in the Gluckman case. It is also said that during the day he completed the necessary arrangements for his own arrest. He was arrested last night at the Tombs, and he was committed to the Tombs.

Heavy Vote Fellows a Hot Campaign in Chicago.

Election Day Troubles Are Expected in Kansas City.

Name and Address.

Not Congress Fight in Cleveland—News at Other Points.

Chicago, Nov. 6.—With the weather bright and cold, the vote in Chicago and Cook County today is a heavy one. The campaign throughout the State and particularly here and in Cook County was hot from start to finish, the climax being reached when Mayor Hopkins, leader of the Democratic forces, was accused of backsliding, and in retaliation caused the arrest of the Republican State Chairman, John R. Tanner, for criminal libel.

The Democratic party paid special attention to a banquet alleged to have been given by George M. Pullman to the Republican county candidates. Governor Thompson's cartoons and a parade of numerous signs showing close communion between Pullman politics and Republican partisanship were shown broadcast about the city. The Republicans, with equal liberty, covered walls and sidewalks with two-foot square posters, which in sixteen inches tall, denounced the story officially as "A Democratic lie."

Interest in the Congressional contests of the county city centered largely in the picturesque struggle in the Fourth District, where the aspirants were a unique trio—ex-Congressman Frank Lawler as an Independent candidate, Timothy Ryan, Democrat, and ex-Judge of the Peace, Charles Woodman, Republican. Ryan, the regular Democratic nominee, was during the campaign, charged by his opponents with levity of double negatives, with spelling the privilege of using State University Trustees, and as each ticket vote was cast by the fair sex.

Another interesting feature was developed by the fact that after a hard-fought battle women were given the privilege of voting for State University Trustees, and as each ticket vote was cast by the fair sex.

MAY BE TROUBLE IN KANSAS CITY.
Kansas City, Mo., Nov. 6.—It looks as if there would be trouble here before the election. The city political leaders have given every invitation by their arbitrary action to the city political leaders.

Members of a faction took possession of the polling places and threw out the witnesses and challengers, appointed according to law, when in opposition to them. One of the gang concerned in the outrage arrested a man who was a heavy ballot of wood.

In the Twenty-fifth District one of the witnesses of the election of the booth by judges, and to have trouble he made less friction of the same kind is reported, and much temper is being displayed by citizens that they are not being allowed to vote.
